The Karger Psychology/Psychiatry Package presents a well-balanced selection of peer-reviewed eJournals, established eBook series and individual eBook titles covering a broad range of topics in current research, and treatment in all aspects of psychopathology, psychosomatics and neuropsychobiology.

The package provides practitioners, specialists and researchers in hospitals, psychology departments, psychiatric institutions, mental health care centers and other professional institutions with essential and comprehensive information on the latest progress and developments in their field.

Package prices apply only to new customers with no existing subscriptions for included titles.

Customers with active subscriptions, standing orders or individual eBooks from this package, please contact us at collection@karger.com for a customized offer!
